Homeland Security Grant Program

The FY 2020 Homeland Security Grant Program (HSGP) is comprised of three related grant programs: State Homeland Security Program (SHSP), Urban Area Security Initiative (UASI), and Operation Stonegarden (OPSG). The intent of the FY 2020 HSGP is to provide grant funding to assist state and local governments in obtaining the resources required to support the National Preparedness Goal's associated Mission Areas and Core Capabilities and to build a culture of preparedness. The following pages include descriptions of each HSGP component program along with FY 2020 allocations, as applicable.

State Homeland Security Program

In FY 2020, the State Homeland Security Program (SHSP) provides \$415,000,000 to support the implementation of state homeland security strategies to address identified planning, organization, equipment, training, and exercise needs to prevent, prepare for, protect against and respond to acts of terrorism. Per section 2006 of the *Homeland Security Act of 2002* (codified as amended at 6 U.S.C. § 607), the Federal Emergency Management Agency (FEMA) is required to ensure that at least 25 percent of grant funding appropriated for grants awarded under HSGP’s authorizing statute are used for law enforcement terrorism prevention activities. FEMA meets this requirement, in part, by requiring all SHSP and UASI recipients to ensure that at least 25 percent of the combined HSGP funds allocated under SHSP and UASI are dedicated toward law enforcement terrorism prevention activities (LETPA), as defined in 6 U.S.C. § 607. The LETPA allocation can be from SHSP, UASI, or both. Table 1 below specifies SHSP allocations for FY 2020:

Urban Area Security Initiative

In FY 2020, the Urban Area Security Initiative (UASI) program provides \$615,000,000 to address the unique planning, organization, equipment, training and exercise needs of high-risk urban areas, and assists them in building an enhanced and sustainable capacity to prevent, prepare for, protect against, and respond to acts of terrorism. Per 6 U.S.C. § 607, FEMA is required to ensure that at least 25 percent of grant funding appropriated for grants awarded under HSGP’s authorizing statute are used for law enforcement terrorism prevention activities. FEMA meets this requirement, in part, by requiring all SHSP and UASI recipients to ensure that at least 25 percent of the combined HSGP funds allocated under SHSP and UASI are dedicated towards LETPA, as defined in 6 U.S.C. § 607. The LETPA allocation can be from SHSP, UASI, or both. Table 2 specifies allocations under the UASI program for the 32 high-risk urban areas the Secretary designated as eligible in FY 2020, in keeping with the intent of Congress expressed in the Joint Explanatory Statement accompanying the *Department of Homeland Security Appropriations Act, 2020*, Pub. L. No. 116-93, that the program fund up to 85 percent of nationwide risk:

FY 2020 Emergency Management Performance Grant Program

In FY 2020, the Emergency Management Performance Grant (EMPG) Program provides \$355,100,000 to assist state, local, tribal and territorial governments in preparing for all hazards, as authorized by Congress, including by the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), Pub. L. No. 93-288, as amended (42 U.S.C. 5121 et seq.). This total funding amount includes \$100,000 from the Disaster Relief Fund that FEMA must make available to the Federated States of Micronesia and the Republic of the Marshall Islands pursuant to Article X of the Federal Programs and Services Agreement of the Compact of Free Association Amendments Act of 2003 (Pub. L. No. 108-188). Title VI of the Stafford Act authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the Federal Government and the states and their political subdivisions.

The intent of the FY 2020 EMPG is to provide grant funding to assist state and local emergency management agencies in obtaining the resources required to support the National Preparedness Goal's associated Mission Areas and Core Capabilities and to build a culture of preparedness. The Federal Government, through the EMPG Program, provides necessary direction, coordination, guidance, and assistance, as authorized in Title VI so that a comprehensive emergency management system exists for all hazards.

The final FY 2020 allocations under the FY 2020 Emergency Management Performance Grant (EMPG) Program were announced on February 14, 2020. These allocations are included in this notification for reference.

Table 5 specifies awards under the FY 2020 EMPG program:

FY 2020 Nonprofit Security Grant Program

In FY 2020, the Nonprofit Security Grant Program (NSGP) provides \$90,000,000 in funding support for target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of a terrorist attack. Of this amount, \$50,000,000 in funding was available to nonprofit organizations located within one of the specific UASI-designated high-risk urban areas (NSGP-Urban Area or NSGP-UA). In FY 2020, additional, separate funding in the amount of \$40,000,000 was also appropriated for nonprofit organizations located outside of FY 2020 UASI-designated urban areas (NSGP-State or NSGP-S). The intent of the FY 2020 NSGP is to competitively award grant funding to assist nonprofit organizations in obtaining the resources required to support and integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. Under the NSGP-State (NSGP-S), eligible states receive an initial target allocation for nonprofit organizations located outside of FY 2020 UASI-designated high-risk urban areas. As in previous fiscal years, the NSGP-Urban Area (NSGP-UA) is a competitive grant program.

Tables 6-9 specify final awards under the FY 2020 NSGP-UA and NSGP-S:
