March 27, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
H-305, The Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for City of Jourdanton Community Park Improvements Project in Fiscal Year 2027. The entity to receive funding for this project is City of Jourdanton, located at 1604 State Highway 97 East, Jourdanton Texas, 78026.

The Community Project Funding would be used to enhance a public community gathering space at Jourdanton City Park in Jourdanton, Texas, through the development of critical infrastructure and accessibility improvements. The project will serve residents across the community, including seniors, persons with disabilities, and low- and moderate-income populations, who currently face barriers to safe and accessible use of public spaces. The project will benefit the district by improving public safety, expanding access to inclusive infrastructure, and strengthening the functionality of a key community space that supports engagement and quality of life.

The project is an appropriate use of taxpayer funds because it develops essential public infrastructure, including ADA-compliant facilities, that improves accessibility, safety, and community use for residents, including low-to-moderate income populations.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Henry Cuellar

U.S. Congressman
28th District of Texas
