

Language on Border Barrier Mitigation Activities in the FY21 Homeland Security Appropriations Bill

Border Barrier Mitigation Activities.—*The Committee continues to be concerned about the impacts of border barrier construction on sensitive lands and wildlife along the southwest land border, including in national wildlife refuges, national forests, national monuments, wilderness areas, and on imperiled species. CBP is reminded that House Report 116–180 requires a report on potential mitigation opportunities, which is due to the Committee in late June. In anticipation of that report, the Committee provides an additional \$75,000,000 for barrier mitigation in the Procurement, Construction, and Improvements (PC&I) account.*
