### **Description**

The purpose of this program is to expand substance use disorder (SUD) treatment and recovery support services in existing drug courts. The program recognizes the need for treatment instead of incarceration for individuals with SUDs. Recipients are expected to provide prevention, harm reduction, treatment, and recovery services for individuals with SUD involved with the courts. With this program, SAMHSA aims to improve abstinence from substance use, housing stability, employment status, social connectedness, health/behavioral/social consequences, and reduce criminal justice involvement.
